Overview

The Wall Cabinet Systems provide the most efficient use of space in a cafeteria or multi-purpose room. The wall cabinet selections allow for either AGAINST WALL or RECESSED installation inside opening in the wall. If needed, tables and benches can be unlocked and separated from the wall cabinet for uses other than cafeteria requirements.

The single depth cabinet stores one table and one pair bench.
 The double depth cabinet stores two tables and two pairs benches.

Optional Features

- Plywood core table top and bench seat
- Black Dura Bond table top and bench seat edges with MDF core
- Filler panel and cap system installed between surface mount "A" against wall cabinets
- Triple and quad wall cabinet depths
